

RESEARCH CENTERS

ENERGY AND ELECTROTECHNOLOGIES MANAGEMENT

Research center:

Energy and Electrotechnologies Management

Acronym: MEE

Site: <http://www.upm.ro/cercetare/CentreCercetare/Centru2.html>

Address: “Petru Maior” University of Tirgu Mures, 1 Nicolae Iorga Str.,
540088 Tirgu Mures, Romania – Room A111

Faculty of Engineering

Department of Electric Engineering and Computers

Telephone: +40 265 233212

Fax: : +40 265 233212

Leader of RC: Prof.dr. eng. Dorin BICĂ

Email: dorin.bica@ing.upm.ro

Areas of expertise: The research group deals with:

Research domains: power engineering, automation and industrial informatics, computers, electrical installations and unconventional technologies. The Center's activity is directly related to the scientific developments in the fields of Power Engineering and Systems Engineering, which provide efficient resources and tools for analyzing and synthesizing the processes and phenomena regarding: management of conventional and renewable energy resources, production, transmission and efficient use of energy, advanced methods and technologies for

the increase of energy efficiency and energy saving, environmental impact, informatics systems in power engineering.

Laboratories

- **Energy Systems Laboratory**
<https://erris.gov.ro/Energy-Systems-Laboratory>)
- **Control Systems Laboratory**
<https://erris.gov.ro/Control-Systems-Laboratory>
